Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Smarty Buddy (TM) SCAT(R) Elementary Series practice books are designed to prepare elementary school aged children for standardized tests such as SCAT(R), Inview(TM), CoGAT(R), NNAT2(R), OLSAT(R), etc. All children are gifted and talented. Not all kids fit into the standards that school systems and educational institutions deem as the cutoff for gifted and talented designation. Every child deserves to be offered the most challenging material in school to progress in his or her understanding of the world. The Elementary SCAT(R) test has two sections: Verbal and Quantitative. Each section includes 55 questions, out of which five are experimental questions that are not counted towards the student s final score. This workbook contains Test 1 of the Elementary SCAT(R) 60 verbal, 60 quantitative and 30 quantitative bonus questions to practice with your child. The workbook is a full length test based on the types of questions your child will encounter on test day. Look for more books in this series for increasing difficulty levels. And check out our Smarty Buddy game on all App Stores to reward your child for worksheet learning. Our app offers over 670 additional questions in a fun game environment, offering positive reinforcement badges for solved levels and surprises along the way. *SCAT(R) - School and College Ability Test is owned by the Center For Talented Youth (CTY) or its affiliate(s), or their licensors which neither endorse nor sponsor this product.
