Hay House Inc, United States, 2009. CD-Audio. Condition: New. Unabridged edition. Language: English . Brand New. In The Shift, Dr. Wayne W. Dyer explores the spiritual journey from ambition to meaning. The powerful shift from the ego constructs we are taught early in life by parents and society - which promote an emphasis on achievement and accumulation - are shown in contrast to a life of meaning, focused on serving and giving back. This CD soundtrack features the music of Ethan Lipton his Orchestra, playing a brand of Alternative Americana that's been likened to the music of Randy Newman, Leon Redbone, and Tom Waits. He delivers songs steeped in mixed-message sincerity and soul. Ethan's music is accompanied by the piano music of Christopher Ferreira, which is at times reflective, at times melancholy. His lyrical melodies combine with a minimalist refinement that feels both nostalgic for the past and unique to the present. He has composed original music for a wide range of projects.
