

Stock Market Investment: Exchanges, Stocks, and Options (Paperback)

By Sergey K Aityan

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Stock Market Investment-Stocks and Options is a comprehensive introductory course on the stock market. It is intended to provide the reader with a structured learning tool and practical ready-reference resource that will appeal to lay people who want to become familiar with the complexities and risks of the market, seasoned professionals who want to brush up on the latest analytical tools, educators who need effective course material. The book introduces the reader to stock exchanges, stocks, and options in their variety of forms. Topics include long and short stock and option positions, and advanced combinations of options such as covered and protective calls and puts, straddles, strangles, spreads, butterflies, and condors. Each chapter features a succinct, introductory discussion of the topic, augmented with clear charts and examples. Chapters conclude with questions that probe the reader's understanding of the course material and are followed by practical exercises that will hone the reader's practical application. The reader is introduced to major U.S. stock market indices such as the Dow Jones Industrial Average, Nasdaq Composite, SP 500, and major international indices, their...

Reviews

This book may be really worth a read through, and far better than other. it was actually written extremely completely and valuable. I am just very easily will get a satisfaction of looking at a published ebook.

-- *Lillie Toy*

It is easy in read through easier to fully grasp. it had been written very completely and useful. I am pleased to let you know that here is the greatest book we have read during my personal life and could be the very best book for possibly.
