AGILE LEADERSHIP: A LEADER S GUIDE TO ORCHESTRATING AGILE STRATEGY, PRODUCT QUALITY AND IT GOVERNANCE (PAPERBACK)

iUniverse, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Architecting and Orchestrating Agile focuses not only on the day to day agile activities and people interaction, but also focuses on the designing aspects of Agile. And it starts with Program and Portfolio stakeholders alignment of strategic themes, driving clarity with business and architectural Epics and how that fits down to program and team level tactical planning. The leadership must make sure that the technology team understands the business value of a product feature and do anything possible to keep the development cost down. And at the same time, the business and product owners should understand the technology that help them to function better and solve business problems effectively. This emergence is a true gain for an agile organization. So the big question is whether the IT governance in your agile organization is creating desirable IT behavior and helping address your opportunities. In order to make governance effective, it needs to be designed correctly. Transparency, information sharing, communications and performance measurements are some of the key components to establishing governance that ensures business and IT have synergies.
