## One Password for Life (Paperback)

By Bob Pyburn

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Stop trying to remember computer passwords. Remembering is obsolete. Typing a username is obsolete. Typing a password is obsolete. Remembering answers to security questions is obsolete. Copy and paste. those details from a free for use (via GNU Public License) and safe computer program (proven via the Open Source Initiative software, meaning the source code is available for review), that is simple to use. This book describes how to safely obtain and use the free and open source password manager KeePass for use in creating, storing and using computer passwords. The features of KeePass are explained, and include the ability to never again type a user id or password, since both can be copy and pasted from KeePass into sites that need them. Also discussed is the ability to add notes or comments to any password, allowing users to write down security questions and answers for sites they use. Note that security answers do not have to be actual facts - consistency is needed. Whomever may need to verify your account checks the answer you gave when you established an account to...
