

What Is ADHD and Is It Contagious?: Attention Deficit Hyperactivity Disorder and What You Need to Know about It (Paperback)

By Amy Skalicky

Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In spite of conclusive research and evidence, such as what have shared so far, produced by the medical, psychological and educational communities, there are skeptics who still cling to the claim that ADHD is not real. In spite of overwhelming evidence to the contrary, there are those who persist in voicing their opinions that ADHD is just an excuse for people who are lazy or sloppy, or to cover up for ineffective parenting. There are also those who deny the existence of ADHD as an avoidance tactic to escape accepting their own diagnosis or the diagnosis of a loved one, usually their own child. This sticking the head in the sand approach is often characterized by statements such as There's nothing wrong with that boy. He just needs more discipline. Or even Oh, she's fine. She's just whining. She can do her homework just fine if she would only put her mind to it. One other popular myth is the belief that children outgrow ADHD. In reality, more than 70 of the children diagnosed with ADHD will continue...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Ally Reichel

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
