Whether you re a novice gardener or have been growing plants for years, each season can bring new dilemmas that need addressing. This handy volume asks every typical garden question and provides invaluable guidance for successful gardening. There are chapters on planning and assessing the garden site; the hard landscape; lawns; the ornamental garden; the kitchen garden; the water garden; propagation; pruning and training; garden problems; growing under cover; and garden equipment. All provide suggestions, help and reassurance for the concerns most likely to be

### Reviews

*This publication may be really worth a go through, and a lot better than other. It really is written in simple terms and never difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Natalie Abbott**

*This book will not be simple to get going on reading but extremely exciting to read through. Yes, it can be playful, still an interesting and amazing literature. I am very easily could possibly get a delight of reading a written book.*
