

A Different View: Seeing Scientific Evidence Through a Biblical Worldview (Paperback)

Filesize: 5.05 MB

Reviews

This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.
(Derick Brekke)

A DIFFERENT VIEW: SEEING SCIENTIFIC EVIDENCE THROUGH A BIBLICAL WORLDVIEW (PAPERBACK)

[DOWNLOAD](#)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This concise, easy to understand book is for all ages. This book provides young people, and adults alike, with the basic knowledge needed to understand the topics and evidences that science uses to explain how the earth was formed and the how life came to be on earth. This knowledge is combined with insights that explains how a biblical view of this evidence makes as much, or even more, sense than the scientific explanations. The information contained in this book will strengthen the faith of those that read the contents. It is very important that youth and their parents are armed with knowledge to understand how the Bible explains scientific concepts very accurately. Dave Shellhaas has had a life journey that has provided him with a unique perspective. He has been a born-again believer and science geek from an early age. He has spent the major part of his career as a science teacher and educator. To many people, this would be a contradiction. Most people believe science and Christianity are not compatible. Dave's life has proven that you can balance both and not compromise your faith. Dave is also a dynamic and engaging speaker and is available to speak to group or churches.
