Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. THE BEGINNING - The Dilemma of a God tries allegorically to paint a story that in substance provides a logical explanation to the cosmic/religious question of how a Loving God could have created a world like ours with so much suffering! This story is a journey inside our world through the eyes of a God. This page-turner reveals some breathtaking scenes of immense natural beauty and human harmony that were soon put against the reality of the fragile relationships that were, are and will be an inevitable part of our existence in this imperfect world. What would you do if you had to create an imperfect world filled with not only joy and happiness but also immense suffering? Would you go ahead and make reality a world that would make possible so much pain? What would you do if you had to choose between creating such a reality or dying? The dilemma of this God is the struggle between light and darkness, joy and suffering, life and death. Is there hope? Can we change? Are things really that bad? What is more powerful than everything bad we are capable of doing to each other? Those and many other questions will take you on a journey through Olev s dilemma and agony, but moreover will take you to the deepest parts of your soul awakening forgotten memories and maybe, just maybe, start a change from in there. If nothing else this allegoric story will wake a memory, will touch or shake your soul and might even force a smile, or a tear, but definitely won t leave you passive to Olev s dilemma, OUR DILEMMA!.
