

Studies in Abnormal Psychology, Vol. 1 (Classic Reprint) (Paperback)

By Morton Prince

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Studies in Abnormal Psychology, Vol. 1 Since 1t has been recognized, in the last few years, that, in addition to hysteria, psychasthenia also may occasion epileptiform seizures, the differential diagnosis has become even more difficult. It cannot too strongly be emphasized that the diagnosis epilepsy is justifiable only when all other diseases which are capable of inducing epileptiform attacks, particularly hysteria and psychasthenia, either positively can be excluded or recognized as associated conditions. For it is quite common to encounter patients in whom hysteria or psychasthenia have been superimposed upon an epileptic foundation, just as multiple sclerosis usually is complicated by hysteria. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
