GREEN INTEGER, United States, 2004. Paperback. Condition: New. Language: English . Brand New Book. These two plays are the second of Wellman's award-winning quartet of plays involving, in one way or another, characters who have taken up with or have been highly influenced by birds--particularly crows of the nation of Rational Biped. With wit, humor, nostalgia, and just plain American orneriness, Wellman's second quartet will delight readers and theater-goers alike. Living in Brooklyn, New York, Mac Wellman teaches at Brooklyn College. He has had over 40 plays produced and has won major awards for his work including several Obies, McKnight and Rockefeller Foundation grants and fellowships from the National Endowment for the Arts and the Guggenheim foundation. His most recent novel is Q's Q, published by Green Integer earlier this year.
