She meets Rusty and sets off for an escapade that ends in tragedy. Injured and alone she is taken in by Sunny Davis, a friend of her mothers who lives in a small town in the Catskill Mountains in New York. During her recovery, April resolves to carve out an exotic life of travel and adventure. But she didn t count on a sexy fireman upsetting her plans. Gavin Dailey has dated practically every woman in the county, but when he meets April, he knows he s finally found the one he wants. Only a stubborn man like Gavin wouldn t let April s resistance to his charm and his small town change his plans. Determined to win her, he pulls out all the stops until he encounters one stumbling block he didn t count on. Will a near-tragedy resurrected from the past give April the courage she needs to make the right decision for her life? This is a sweet contemporary romance with no explicit sex or bad language.
